O. E. NULF, PEDESTRIAN, WILL TAKE LONG HIKE

Oscar E. Nulf, of East Palestine, who created quite a stir a few years ago when he walked from his home town to Washington to congratulate President Taft in payment of an election bet, is getting ready for another cross-country journey. He pushed a cart on his first trip and acquired the title of the "champion cart pusher of the world."

In Washington Mr. Nulf was a curiosity and was exemplified by the Republican congressmen as to what extreme a Democrat would go. Mr Nulf has been practicing his gait between East Palestine and Youngstown for the past few weeks preparatory to starting out for New York city about the middle of January.

HONEYMOON SUDDENLY ENDED; GROOM, PENNILESS, IS ARRESTED

Mrs. Harold Densmore, Formerly Miss Nellie B. McCarter, Of This City, Victimized by Man Who is Held By Officials in Chicago on Charge of Working a Confidence Game; Were Married in Lisbon Saturday Evening, December 17 and Had Started West on an Extended Honeymoon Trip.

Chicago, Ill., Dec. 31.—(Special.)—A two weeks' honeymoon was abruptly ended here yesterday with the arrest of Harold F. Densmore at the Stratford hotel on a charge of obtaining money by false pretense. His bride was formerly Miss Nellie B. McCarter, of Salem, O. Trunks belonging to the couple are being held by the hotel management for a board bill which Densmore was unable to pay.

Densmore, who is 32 years old, was arrested on complaint of John Simpson, of Evanston, Ill., who alleges Densmore offered him work but wished security and later could not refund the security put up.

Word of this sudden ending of what promised to be an extensive and delightful wedding trip to California and other western points came as a surprise of a most sensational nature when received in Salem Saturday, for Mrs. Densmore, formerly Miss Nellie McCarter, is the niece of Mr. and Mrs. Charles H. Weeks, of McKinley avenue, with whom she had made her home, and a young lady of wide acquaintance throughout the city.

When Densmore's alleged confidence game was discovered and his arrest in Chicago followed Friday, Mrs. Densmore was left at the mercy of circumstances through the confidence she had placed in a man who, it now seems, has betrayed her. She immediately sought the aid of a friend of her uncle in Chicago, who telegraphed to Mr. Weeks to know what he could do to help his niece out of her predicament. Mr. Weeks's answer was to the effect that he would come to the rescue of his niece, but not her erring husband, and asked that she be sent back to Salem. She will leave Chicago Saturday evening and will arrive here Sunday morning.

Just how Miss McCarter formed her acquaintance with Densmore and how and when arrangements for their marriage had been made, Mr. Weeks was unable to state. However, he said Saturday afternoon that she took an eastern trip last summer and might possibly have met him at that time and that possibly she had since kept up a correspondence with him.

Mr. Densmore and Miss McCarter routed Probate Pudge L. T. Farr, of Lisbon, from his fireside at 10 o'clock Saturday night, December 17, and through an urgent plea, induced the judge to open his office in the court house and issue them a marriage license. Densmore told the judge at the time that he had come to Salem on a visit and after laying siege to Miss McCarter's heart had won it and wanted to be married forthwith. They were married that night at Lisbon and after spending Sunday at the home of Mr. and Mrs. C. H. Weeks in this city, left for a western trip. Upon their return they expected to make their home in Boston, Mass., where Densmore said he was engaged, with others, in the manufacture of a fluid ink.

Not until after the marriage did Mr. Weeks meet his new nephew and he stated Saturday that he had not seen or heard of him before. He did not take kindly to this new relationship but the marriage seemed to have been a happy one for his niece. Sympathy for her and censure for the man whose victim she seems innocently to have been, are expressed by Mrs. Densmore's many friends in Salem. Densmore is 32 years of age and represented himself as being a prominent eastern manufacturer. He is now being held in Chicago on the charge of obtaining money under false pretense.

CHANGE OF VENUE TO BE ASKED IN CASE OF WELLSVILLE OFFICIALS?

Lisbon, Dec. 31.—The trial of the now celebrated case against Mayor Edwin McKenzie and Policeman Patrick O'Connor, of Wellsville, may not come to trial in the common pleas court of this county if there is any foundation to a persistent rumor that has been circulated in Lisbon for the past few days.

According to a report that is now in circulation, attorneys representing the defendants in these actions will apply for a change of venue on Tuesday morning when the case is called before Judge C. M. Wilkins, of Warren, who will hold common pleas court here next week.

Just what arguments will be used to support this motion are not known but attorneys for the defense will make every effort to take the case into another county, it is said, where they expect to evade any prejudice that may exist in the county against the defendants. The case has attracted great interest all over the county and the latest move by the attorneys for the defense will doubtless augment this interest.

READ THE LABELS ON FOODS AND DRUGS ADVISES FOOD COMMISSIONER DUNLAP

Columbus, Dec. 31.—In his annual report filed with the governor Saturday, State Dairy and Food Commissioner Dunlap urges the consumer to read carefully the labels of foods and drugs. He says if the labels were more closely observed, many worthless foods and drugs would be rejected and driven from the market without any action on the part of his department. He says many soft drinks, such as pop, lemonade, orangeade, etc., found on the market, contain little, if any, genuine fruit, but are artificially flavored and sweetened. Lemonade is often found to be made wholly from tartaric acid.

The liquor tax deputies were unusually active during the past year, 383 persons having been certified as a result of their efforts, for payment of the Dow tax. These were found unlawfully selling liquor, mostly in dry territory.

For the first time in the history of the department, a thorough inspection was made of all the canning factories in the state. As a result, a decided improvement is noticeable in that industry. Commissioner Dunlap recommends that each factory be graded and the score obtained be published for the benefit of the public.

He recommends the enactment of a law fixing standards for cream and ice cream. He also asks for the enactment of laws to prevent false and misleading advertisement of food and drug products; to prevent the promiscuous distribution of sample packages of medicines; requiring the weight or measure to be branded on each food package; requiring the registration of all food-making establishments, and also providing a baking powder law. He also recommends that the term of dairy and food commissioner be increased from two to four years.

SHOWS VALUATIONS ARE NOW MUCH HIGHER

Lisbon, Dec. 31.—Judge N. B. Billingsley, of this city, is exhibiting to his friends an old tax receipt issued in the year 1830 to his grandfather, Robert Billingsley, which gives some insight into the value placed on land 80 years ago by the appraisers of that time. In view of the many protests made on account of the valuation of property completed by the quadrennial appraisers the difference in property values is startling. The receipt shows that taxes were assessed on a farm of 157 acres in Middleton township together with the buildings on a valuation of $96. Four horses and seven cows were valued at $216 and the total tax paid by Robert Billingsley in the year 1830 was $3.10. The same land under the appraisement of 1910 has been given a total valuation of $3,428 and the taxes to be paid by the present owner will be many times the amount paid in 1830. The old receipt yellowed and time-stained is valued very highly by Judge Billingsley who exhibits it to his friends and enjoys their surprise when they note the valuation placed on the property.

Salem Girls Lost Game by Two Points In Exciting Contest With Alliance

'Mid cheers of those always loyal to the red and black, the Salem High school girls' basketball team was defeated Friday night at the Globe by the team representing the Alliance High school. This game was the opening one for the local girls and it proved intensely interesting, the score having been a little in favor of the locals until the last few minutes of play, when the visitors piled in the deciding basket making the score 13 to 11 in their favor.

The recent change in the local lineup caused considerable dissention among the fair sex five and it is probable that defeat came indirectly from this discord. It is needless to say that each girl played top-notch ball from the first and all are deserving of great credit for their efforts. The work of Helen Kennedy, at left forward for the visiting team, no doubt was an important factor in winning the contest for her side, she having placed three foul goals in the

NEW YEARS OBSERVANCE TO BE GENERAL.

SHOPS WILL BE CLOSED

Many Planning to Visit Other Cities, Where Various Events Will Attract—No Deliveries by Mail Carriers in City or Country.

With Monday recognized as a legal holiday in this state, Salemites will observe that day as New Year's day. Accordingly business will be suspended in general for the entire day, although the groceries and a few other stores will be kept open in the forenoon. Most of the manufacturing plants will be closed and the day will be quietly spent in Salem.

No deliveries, either city or rural will be made by mail carriers on Monday. The post-office and carriers windows will be open until 10 a. m., after which hour they will be closed for the remainder of the day. Several Salem people will spend the day out of the city, some going to Canton to attend the Kilbane-Brannigan fight others to East Liverpool in the evening to see Mrs. Fiske in "Becky Sharp" at the Ceramic and still others to other places.

Dr. Hill Leads New Chautaaqua Project in East

Announcement that Dr. John Wesley Hill, of New York, who spoke in this city during the last campaign, has accepted the presidency of an organization to be known as the International Forum will be of more than passing interest to those who listened to him at the close of the Harding meeting in the Globe.

The announcement has been made that in June, 1912, there will be inaugurated on the beach at Tangier, New York, a new form of chautauqua on an immense scale of world-wide interest. The forum will be situated on a tract of 25 acres, with seashoe frontage, and a great aduidorium and other structures will be built. One hall will be devoted to international peace, another to arbitration and a third to sociology.

Among European notables who are coming to take part in the work of the International Forum are Sir Robert Parker, novelist and member of parliament; Sir Ernest H. Shackleton, antarctic explorer; Hiaire Belloc, William Belloc, William Grace, M. P., and General Baden-Powell. Dr. Hill, who is pastor of the Metropolitan temple in New York, says of the project: "The forum will be the scene of intense activity for two months each summer, when congresses relating to capital and labor, arbitration and conservatism will be held there, and international discussions of every sort affecting the moral well being of the great features of each summer's attractions will be an encampment of boy scouts organized as a result of the great movement conceived and pushed to magnificent success by Lieutenant General Baden-Powell.

CANFIELD FAIR DATES ARE SEPTEMBER 5, 6 AND 7

I, Louis H. Brush, publisher of The Salem News, swear that the above statement is true.

LOUIS H. BRUSH.

Sworn to and subscribed in my presence this 3d day of December, 1910. RALPH W. CAMPBELL, Notary Public.

"Conditions in Adams county are almost unbelievable," asserts an exchange in referring to the wholesale vote buying and selling recently uncovered there. Indeed! Is that sort of thing so amazingly uncommon in all the other counties of Ohio? Has there never been any vote buying or selling in this county, for instance, or in Stark, or in Mahoning? The unbelievable feature of the Adams county case, as we see it, is that so many of the offenders should have been caught—that's all. In that great moral baliwick of which Cincinnati is the county seat, for illustration, we suspect that the very suggestion that any of her citizens would buy or sell a vote would cause half the population to drop dead!

For our part we feel like commending the county commissioners for holding up the fees alleged to be due Dr. D. J. Jones for acting as county coroner recently. Those who have witnessed most of the inquests which he has held within the past few months are said to qualify them with the word "alleged." The "inquest" which he conducted at the time of the death of the two girls in the Salem house here was a farce, as more recent developments have conclusively shown. He is not now and has not been for several months a resident of this county, his interests are elsewhere and he has merely hung onto the coroner's job for the chance it affords to draw liberal fees for a minimum effort.

A grave warning is found in the discovery that it was not leaking gas but the prevalence of poisonous fumes from a flueless stove that caused the death of the two Salem girls in the Salem house recently. Many persons are entirely too indifferent to the deadly nature of the flueless, or poorly connected gas stove.

The best wishes of many appreciative rural route patrons will be extended the rural mail carriers of the county when they meet for their annual New Year's session in Lisbon Monday. They get very few holidays and are certainly entitled to all the enjoyment floating around on the first day of the new year.

Our humble prediction is that the Salem Knights of Pythias and their numerous friends who danced until 6 a. m. this morning now have an intimate understanding of that oft quoted phrase: "In the cold gray dawn of the morning after."

The San Francisco citizen who attempted to tickle a lion under the chin and was later sent to the hospital may have mistaken the king of beasts for the office cat. Holiday week visions are occasionally blurred.

Wellsville never fails when it is time for a new sensation. It's getting to the point when an alleged bootlegger must do something remarkable or tell a startling story to attract attention, however.

The country life conference which is announced to be held in Canfield January 13 and 14 should attract hundreds of people in this and adjoining counties who are interested in improved rural conditions.

The World's Work declares that the motor boat has almost revolutionized the lobster industry. However, we know one or two who probably will never own such a craft.

Good time to begin giving the new resolutions careful cultivation.

A Happy New Year to all, is the wish of The News.

CINCINNATI FIREMAN DEAD

Another Name Added to List of Recent Fire's Victims.

Cincinnati, Dec. 30.—Another life has helped to pay the toll of the Sycamore street fire ten days ago. District Marshal Phil Hurley died at the city hospital. The death of the district marshal was unexpected.

Ends Winter's Troubles.

Expect Trouble When Ice Breaks.

Conneaut, O., Dec. 31.—Continued rain of the last eight hours has caused the tributaries of Conneaut river to overflow and the ice in the creek is expected to go out at any time. If it does it will cause considerable damage to railroad companies and the brick plant. Hunters are already shooting game driven out by the water.

Saved From Awful Death.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C., R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. It's the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, croup, hemorrhage, all bronchial troubles, it has no equal—50c, $1.00. Trial bottle free. BANKER ROBIN TRIES SUICIDE

Takes Poisonous Pills; Tells Alienist He's Dying

HAS EVEN CHANCE OF LIVING

Indicted Banker Bids Sister Goodby in Courtroom — Stomach Pump Quickly Comes to Rescue and Robin Is Hurried to Hospital, Where the Doctors Are Making Every Effort to Save His Life.

New York, Dec. 31.—When Joseph G. Robin, the kite flying financier, whose schemes have closed the Northern bank and the Washington Savings bank, was about to face the first indictment of grand larceny against him in court here he tried to kill himself.

He took 12 1-112 grain pills of hyoscyamine, a poisonous alkaloid, but he didn't succeed.

He spent last night in the prison ward of Bellevue hospital, where the doctors thought that he had more than an even chance for recovery.

As soon as he became affected by the poison Robin told Austin Flint, the alienist, that he was dying. He said goodby to his sister and then a stomach pump was so employed that it brought about satisfactory results.

No one seemed to know for certain as yet whether Robin had taken hyoscyamine or hyoscin, but that did not make a great deal of difference. Hyoscin is a powerful stimulant which was supposed to have been used by Dr. Crippen in the killing of Belle Elmore.

VALUE ON HONEYMOON

Washington Woman Charges For Several Days Lost.

Cleveland, Dec. 31.—The cash value of honeymoon bliss will be decided in the local courts as the result of a suit for $507 damages from the proprietor of a hotel, filed by Mrs. Laura Riehl of Washington. In the itemized list of damages submitted by Mrs. Riehl is one reading:

"For time lost from honeymoon, several days, $50."

A lost trunk caused the suit. Mr. and Mrs. Riehl were in Cleveland Aug. 20 on their honeymoon trip. When they left a porter switched checks and instead of their trunk containing Mrs. Riehl's trosseau and Mr. Riehl's wedding clothes they received a case of samples. They hastily postponed their trip and came to Cleveland in search of the trunk, but were unable to find it.

Accordingly Mrs. Riehl has brought suit for $425, the value of the trunk and its contents; $32 spent in hunting the lost article and $50 which is represented as the value of that portion of their honeymoon wasted in hunting it.

WHITE CERTAIN OF VICTORY

Thinks He Has Been Elected President of Mineworkers.

Wilkes-Barre, Pa., Dec. 31.—Mineworkers' leaders here received a letter from John P. White, the candidate for national president of the United Mineworkers of America, in which he states that he has defeated President Lewis by the largest majority ever given any candidate for the office.

He declares that the reports he has received from various states make this certain.

The Tale of a Key.

There is a roll top desk in an office near Wall street which can be bought cheap. The owner is a commuter and has desk room in a large office. He came late the other day and discovered that he had forgotten his keys. No key at hand would unlock the desk. The maker could not give aid for an hour or more, and some papers had to be reached before noon. The desk was forcibly opened, and two inner compartments were smashed. Warm and tired from the exertion of wrecking his property, the man took off his coat and slipped into an office coat, in the pocket of which his keys jingled. Tableau! Before going home he confided to the office boy that he woudn't care if he hadn't told.—New York Tribune.

The Pillory.

The pillory in England was abolished as a punishment, except for perjury, in 1815 and was totally abolished in 1837. The last person to suffer at the Old Bailey was one Peter Bossy, for perjury, June 22, 1830. Notwithstanding the fact that this mode of punishment was supposed to be only for the lighter offenses, it often happened that the pillory meant death to those placed in it, the culprit frequently being stoned to death by the heartless mob.—New York American.

BUSINESS IS QUIET

Slows Down After Holiday Buying. Dun's Review of Trade.

New York, Dec. 31.—Dun's Review of Trade says today:

"After a satisfactory retail holiday trade business in nearly all branches is quiet, with the usual end of the year adjustments. The outlook, while not as promising for immediate activity as might be desired, contains, none the less, many elements of strength.

"The iron and steel trade is still confronted with a consumption of only half of the producing capacity and the dry goods business with the problem of costs; but there is an absence of demoralizing speculation and of overstocked shelves in all mercantile lines, while the agricultural prosperity of the past year and the general feeling of conservative confidence makes conditions better than the trade statistics indicate."

The quicker a cold is gotten rid of the less the danger from pneu- Mr. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Bolger & French.

DECREE GIVEN MRS. EARLE

Ferdinand Pinney Now Without His "Soul Mate."

New York, Dec. 31.—The appellate division of the supreme court has granted to Julia Kuttner Earle an annullment of her marriage to her former "soul mate," Ferdinand Pinney Earle, the artist. The marriage occurred in Venice, Italy, March 17, 1908. It was prior to this marriage to the plaintiff that Earle announced that he had discovered his "soul mate."

Earle was married in March, 1903, to Marie Emilie Fishbacher in Paris and left her a few years later. In her suit for an annullment Mrs. Julia Kuttner Earle claimed that Earle had no legal right to marry her, as he was still the husband of his first wife.

When you have a cold get a bottle of Chamberlain's Cough Remedy. It will soon fix you up all right and will ward off any tendency toward pneumonia. This remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. Sold by Bolger & French.

TO PUSH BATHTUB SUIT

Government Will Try to Pen Trust's Officers.

Washington, Dec. 31.—While no official statement was forthcoming from the department of justice, it was asserted here on good authority that the government intends to push its suit under the Sherman law against the thirty-four individuals and sixteen corporations alleged to make up the bathtub trust and to secure jail terms for the individuals if possible.

This information was made public after a conference between government officials. The trust is understood to have offered a compromise. They got little satisfaction.

When your feet are wet and cold and your body chilled through and through from exposure, take a big dose of Chamberlain's Cough Remedy, bathe your feet in hot water before going to bed, and you are almost certain to ward off a severe cold. For sale by Bolger & French.

Langford and Lang Matched.

London, Dec. 31.—Sam Langford and Bill Lang are matched to fight for $17,500 at Olympia on Feb. 17.

Every family has need of a good, reliable liniment. For sprains, bruises, soreness of the muscles and rheumatic pains there is none better than Chamberlain's. For sale by Bolger & French.

COMMISSION FINDS $70,000 MORE TAXES

Ninety-two Telephone Companies Have Escaped Heretofore

Columbus, O., Dec. 31.—The state tax commission have certified to auditors in counties in which they are located the properties of ninety-two small telephone companies that have not been making any reports heretofore and have therefore been escaping taxation. They were dug up mainly through the efforts of Mr. Munn of the commission.

Their property is small in most cases, running from as low as $50 to $18,000—the latter figure being that of the Wayne County Telephone company. The aggregate of them all is $70,000.

The commission has also certified about forty such other companies of whose existence they have secured evidence, but from which they have been unable to get reports. The commission has no time to investigate them further this year, but has requested the county auditors to place them on the duplicate if they can ascertain the amount of their property

SOCIAL and PERSONAL

An All-Night Dance.

At exactly two minutes after 6 o'clock Saturday morning, Sharpnack's orchestra struck up the strains of the home waltz at K. of P. hall, bringing to a happy end an all-night-dance, the annual New Year's ball given by the Knights of Pythias.

The affair was without question the most successful the knights have ever given. The evening's festivities began at an early hour, when an oyster supper was served in the hall to 300 people. An old-fashioned dance one of the most enjoyable of its kind was then indulged in by the large crowd. The capacity of the hall was overtaxed but the crowd was orderly and good natured and a merry time ensued. While many tired of the strenous program as the wee small hours of the morning brought daylight, many remained until the home waltz was played, tired but still happy.

The girl had been placed in the Florence Crittenden home at Youngstown some time ago and while there had apparently been satisfied. The girl has been attacked with a disease that affects her eyes and it will require some treatment to rid her of its effects. After the matter had been considered by the court it was determined to send her to the county infirmary for the present where she will be given treatment.

The CONVERSE COMPANY

AMUSEMENT NOTES

Good News to Theater Goers.

Mrs. Fiske and the Manhattan company will appear at Ceramic theater, East Liverpool, for one performance, Monday, January 2, in "Becky Sharp." This is good news indeed. When originally produced in New York "Becky Sharp" achieved a most remarkable success and although Mrs. Fisk's unchallenged energy has led her to other conquests "Becky" has always remained in her repertoire, and is, in fact, the most popular of her many plays.

The play is a dramatization of Thackery's novel, "Vanity Fair," made by Langdon Mitchell, the son of Dr. S. Weir Mitchell. The principal characters are Becky Sharp, Rawdon Crawley, Lord Steyne, George Osborn, Captain Dobbin, Sir Pitt Crawley, Joseph Sedley, Miss Crawley and Amelia Sedley. The action begins at Miss Crawley's residence in Park Lane, London, and ends at the German village of Pumpernickel, so that Becky Sharp is shown as the social comet of a season and then as an impecunious Bohemian.

The Y. & O. R. will give a special rate of $1 for the round trip, Salem to East Liverpool and return, account above attraction, Monday, January 2, good going only on 4 and 5 o'clock cars. Cars will be held until after performance. Seats may be reserved through The News or Y. & O. R. office, Leetonia.

HEED THE WARNING

Many Salem People Have Done So.

When the kidneys are sick they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatic twinges.

Doan's Kidney Pills are for the kidneys only; they cure sick kidneys, and rid the blood of uric poison. If you suffer from any of the above symptoms you can use no better remedy.

Salem people recommend Doan's Kidney Pills.

J. S. Bradley, 103 North Howard St., Salem, Ohio, says: "My kidneys bothered me off and on for years. I was annoyed by too frequent passages of the kidney secretions and I also had a weak back. Doan's Kidney Pills, which I procured from Bolger & French's drug store, gave me greater relief than any other kidney medicine I ever took. I am pleased to speak in their praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

HER DECLARATION MAY CAUSE STRIFE

Mrs. Stetson Stirs Up Christian Scientists

New York, Dec. 31.—The declaration by Mrs. Augusta E. Stetson, the excommunicated leader of the First Church of Christ Scientist in this city, of her conviction of the imminence of the resurrection in fleshly form of Mary Baker Eddy, the founder of the Christian Scientist cult, had the effect of forcing the directors of the mother church of the faith in Boston into vehement denial of the orthodoxy of Mrs. Stetson's doctrines.

It also became evident that the directors of the mother church in Boston, supreme arbiters of the faith, have been forced to meet a distinct line of cleavage in the ranks of Christian Scientists throughout the church by their action, quickly seized upon by Mrs. Stetson, in dropping from the manual of the mother church the name and title of Mrs. Eddy as pastor emeritus of the parent church in Boston.

By their action the directors have declared themselves in the matter of an ecclesiastical difference of opinion in a way which threatens to open wider the breach between the "practical" and the "visionary" devotees of the faith.

NARY A VOTER IN TOWNSHIP

Every Man Was Paid Money For His Vote

INVESTIGATION IN OHIO GOES ON

Judge Blair Is Expected to Arrange Some Form of Government For Jefferson Township—Indictments Now Number 1,155—Men Higher Up Not Reached Yet—Immunity Dips Continue.

West Union, O., Dec. 31.—When the special grand jury reconvened thirty more witnesses were on hand to testify—to relate how they bought men's votes and men's honor—and to receive the immunity baths the court has promised.

Crowded in the same building were more than fifty other men on hand to confess to having sold their votes and to inquire whether or not they have been indicted.

For the next five years Jefferson township, one of the most populous centers of Adams county, will be without a voter, absolutely every voting citizen in the township having been indicted on charges of selling his vote, and Judge Blair having already begun the task of disfranchising every one of them.

Without a Parallel.

As a result Jefferson township residents took up with attorneys the question of how they will provide for their township government and the carrying on of township affairs until it will again be possible for them to vote. The situation, the attorneys say, has never had a parallel anywhere in the United States.

Although the canvass of the 1,155 indictments returned up to date shows that this is the only township in which every voter has been indicted, it is believed that several other townships will be left in the same predicament or at least with so few voters that it will be impossible to conduct township affairs or find enough eligible voters to serve as township trustees.

Judge Blair, however, is expected to take this matter up and arrange some form of government for such townships until the periods of disfranchisement he is imposing have expired.

Men Higher Up Not Reached.

The men higher up haven't been reached yet. Many confessed boodlers told all they knew in hope that this would involve the men to blame for their fall.

"It wasn't the vote vendors or even the ballot buyers that debauched our county," they argue.

"It was the dirty politicians who furnished the money barrel year after year—for what purpose is best known to themselves."

NO REVOLT, SAY OFFICIALS

Portuguese Government, However, Do Not Deny Unrest.

London, Dec. 31.—The Portuguese government has given out statements designed to counteract the reports of an upheaval in Portugal which are agitating the whole European press.

No revolt has broken out, the government says, and the stories of a threatened revolution are intentionally circulated by the republic's enemies. It does not, however, deny that there is unrest.

Nothing is known at the British foreign office of the report that the British minister at Lisbon had requested that a warship be dispatched there. There is still an absence of direct news from Lisbon.

Baltimore, Dec. 31.—As the climax of a series of bitter quarrels growing out of domestic difficulties William T. Strickler, thirty-seven years old, killed his wife, Flora Strickler, and his stepdaughter, Eula Kite, aged nineteen, and then turned the revolver on himself.

Strickler is in St. Joseph's hospital suffering from a bullet wound in the temple and it is probable he will die. Strickler had been drinking.

Take Care!

When the kidneys are affected, life is in danger. Read what Foley Kidney Pills have done for your neighbor. T. J. Proctor, Piqua, O., says: "I had been troubled with a case of kidney trouble in a severe manner for some time, and seeing Foley Kidney Pills advertised and recommended, I secured a supply and used them according to directions. The results were immediate and good as the first few doses I took relieved me greatly. I do not hesitate to recommend Foley Kidney Pills as I know them to be a reliable kidney medicine." THINK M'GANN WAS SLAIN

Dead Ball Player's Brother Has Engaged Detectives.

Louisville, Ky., Dec. 31.—In the belief that Daniel McGann, the ball player who was found dead in Bosler's hotel with a bullet wound in his chest, was murdered for robbery, his brother, Joseph, has engaged two detectives to try to clear up the case.

"I had been troubled with constipation for two years and tried all of the best physicians in Bristol, Tenn., and they could do nothing for me," writes Thos. E. Williams, Middlesboro, Ky. "Two packages of Chamberlain's Stomach and Liver Tablets cured me." For sale by Bolger & French.

Class Yell Goes.

You Must Read This if You Want the Benefit.

J. W. Greer, Greenwood La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago." Bolger & French.

"Santa" May Have Left It!

Crooksville, O., Dec. 30.—Farmers in this section are greatly wrought up over the appearance of a large buck deer on their lands. From whence the animal came is a mystery.

A Simple Safeguard for Mothers.

Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. Bolger & French.

ALL AFFINITIES BUT WIFE

Hyman's Spouse Only Woman Hyman Doesn't Like.

Sandusky, O., Dec. 31.—David Hyman, the Castalia poultry merchant, who, after he had been charged by his wife with lunacy, attempting to provoke a breach of the peace and failing to provide for his family, and in addition, sued for alimony, returned to his home determined to be the model husband and father that he was up to the first of last August, again was made the subject of an inquiry as to mental soundness. A neighbor, James Nolan, is the complainant, at Hyman's request.

According to Nolan, Hyman says he sees his affinity in every woman he meets but his wife.

LEGISLATORS ARRIVING

General Assembly Convenes on Next Monday.

Columbus, O., Dec. 31.—The Ohio legislature meets Monday at 10 o'clock and the governor's message will go in about noon.

Democratic members of the legislature arriving today are very much exercised over the outcome of the Democratic caucus called for Jan. 5, when they will settle upon their candidate for United States senator to succeed Charles Dick. As the legislature is Democratic, their choice will practically settle the senatorship.

State Chairman W. Hanley's friends are claiming his election. Lieutenant Governor-elect Pomerene's friends claim he will be elected. Many predict that the fight between these two men will result in a deadlock and that a dark horse will win.

$100 REWARD $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Akron, O., Dec. 31.—The street car service of this city and the suburbs on the Northern Ohio Traction and Light company's lines was suspended for many hours because twenty-four poles carrying power snapped off on South Main street.

CITY JAMMED WI ISITORS

High Flyers Ready For Annual Celebration and Every Seat in Hotel Dining Rooms Have Been Taken. Biggest Night Ever Is Prediction Made by Restaurauters and Bonifaces.

WHAT GAY NEW YORKERS WILL SPEND TONIGHT.

Food and wine, $1,000,000.
Theaters, $200,000.
Flowers and candy, $200,000.
Cigars and cigarettes, $100,000.
Taxicabs, $100,000.

Add to this what will be spent for tips and other incidentals and you have a figure that is so close to $5,000,000 as to make the difference not worthy of mention.

New York, Dec. 31.—In spite of all the talk of hard times in the past year, in spite of that bugbear, the "increased cost of living," in spite of the high tariff, failures in Wall street and all the other cries of the pessimists, New York and his wife, his neighbor and his neighbor's wife are making ready to sit down to a $5,000,000 New Year's supper party tonight.

It will be the biggest New Year's night in the history of the celebration of that feast day in New York.

Champagne the Barometer.

More out-of-town folks are here than ever before, more New Yorkers are staying home from Lakewood, Atlantic City, Florida and the other winter resorts to celebrate in restaurants and theaters than ever before, and the champagne business—that barometer of prosperity—shows receipts that have mounted beyond the dreams of the agents.

The millionaires' bread line—the strung out gathering of the wealthy who are clamoring for table reservations in the Broadway and Fifth avenue restaurants and hotels—began to form last June and five weeks ago every table in every well known place of refreshment in the city was booked.

An evidence of the hysteria which attends every big celebration in New York is the fact that big blocks of table reservations in the most popular restaurants have been bought up by ticket speculators and are being held out for extortionate prices at the last minute.

Bigger Than Ever Before.

None of the hotel and restaurant men can explain why this New Year's celebration will be bigger than before, but they all agree that it will. One reason is found in the extraordinary number of visitors from Philadelphia, Washington, Buffalo and Pittsburg—especially Pittsburg.

They are coming in from the cities where New Years is not made an occasion of high jinks and they are bringing the coin. They simply don't care how much they spend and they have let their reckless intentions be known.
